

Message from Mrs Stout

The term is speeding by—but with so much to celebrate! We are beginning planting in our new gardening area, working on our outside seating (huge thanks to Mrs Ulyart and the site team) and generally enjoying the (slightly) warmer weather! We celebrated World Book Day this week with a super theme of ‘Curl up with a book!’ This is something I love to do so we all came to school in our pyjamas and had a day of school mixed in with relaxing and thoroughly enjoyable reading sessions. What a brilliant way to show how much we love reading at Meadowfield!

Make sure you see the dates for this half term and into the summer term which are on the reverse page—it is important to get planning for the events which are taking place in school.

At this time I also want to do a **BLACK SHOES** reminder to all children—if you come in shoes which are not black you will need to change into a pair of school pumps. And, finally from me, a message about how important attendance is.....some families are still not back into a regular attendance routine following school closures in the pandemic and this is damaging children’s academic and social development. Come to school every day and on time, ready for learning so that everyone can achieve their potential! **Nothing is more important than this.**

Last week Nursery were learning all about Shrove Tuesday—and there is no better way to do this than to make pancakes! Miss Breckon says “The children learned about the ingredients needed for pancakes and helped Mrs Corcoran weight and measure them. I think the best bit was getting to taste the pancakes later on!” I agree—yum yum!

Reception went to The Harvester at Colton and were AMAZING! Many other members of the public commented on their brilliant behaviour and they had a yummy time! Even Mr Hemingway popped in for a pudding!

EASTER HOLIDAY

Monday 17th April 8.45am School opens for the summer term

Thursday 20th April Class photographs

Monday 1st May—School Closed May Day Bank holiday

Y2 RE learning

Reverend Rolf came into see Y2 this week to explain all about Christianity—he brought artefacts from his church and explained all about them to the children.

Have you seen our new eco-benches in the KS1 playground? If not, here's a couple of pictures showing the Green Team christening them! "Oooh, they're a lot more comfy than I thought" said Maya! The benches have been made by using eco-bricks (plastic bottles filled with single use plastic) which children

in school have been helping to make for the past 4 years. A HUGE shout out to our Site Team for constructing them, to Gibbs & Dandy for donating supplies and to every child in Meadowfield, who has donated plastic or stuffed bottles for us. We THANK YOU!
