

# Climate Change

We will learn about the effects of climate change on different areas of our planet. We will study the effects of the melting ice caps and the rising sea levels on low-lying islands

- In science we will be learning about Changing States
- In DT we will be making cams and thinking about these mechanisms are used in everyday life

English – We will be writing pieces of Advocacy Journalism about the effects of climate change and then producing Superhero Graphic Novels

Maths – we will use the first half term to really secure our understanding of place value using numbers to 1,000,000 and recap on the four operations

Home learning is set weekly on a Thursday; maths, grammar and spellings. The children are expected to read every day at home.

PE – Monday is hockey in the MUGA and Wednesday is fitness in the hall. Please make sure children have the correct PE kit on these days.

We will have a parents evening in November so you can find out how your child has settled into year 5 and what progress they are making
